Independent Auditors' Report

The Honorable Mayor and Members of the Borough Council Borough of Florham Park Florham Park, New Jersey

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements – *regulatory basis* - of the various funds and account group of the Borough of Florham Park, in the County of Morris (the "Borough") as of and for the years ended December 31, 2024 and 2023, and the related notes to the financial statements, as listed in the table of contents.

Unmodified Opinions on Regulatory Basis of Accounting

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of each fund and account group of the Borough as of December 31, 2024 and 2023, and the results of operations and changes in fund balance, where applicable, of such funds and account group, thereof for the years then ended in accordance with the accounting practices prescribed or permitted, as described in Note 1, by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division").

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the accompanying financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund and account group of the Borough as of December 31, 2024 and 2023, or the changes in financial position or where applicable, cash flows thereof for the years then ended.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS), audit requirements prescribed by the Division and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Borough, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared by the Borough on the basis of the financial reporting provisions prescribed or permitted by the Division, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Division's regulatory basis of accounting and the budget laws of New Jersey.

The Honorable Mayor and Members of the Borough Council Borough of Florham Park Florham Park, New Jersey Page 2

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Emphasis of Matter

As discussed in Note 17 to the financial statements, the Borough implemented GASB Statement No. 101, *Compensated Absences*, during the year ended December 31, 2024. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") to demonstrate compliance with the Division's regulatory basis of accounting, and the budget laws of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards* and audit requirements prescribed by the Division will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, Government Auditing Standards and audit requirements prescribed by the Division, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the Borough's internal control. Accordingly, no such opinion is
 expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

The Honorable Mayor and Members of the Borough Council Borough of Florham Park Florham Park, New Jersey Page 3

• Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements of the various funds and account group that collectively comprise the Borough's financial statements. The supplementary data schedules listed in the table of contents and the schedules of expenditures of federal and state awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance") and New Jersey's OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the various fund and account group financial statements. The information has been subjected to the auditing procedures applied in the audit of the various fund and account group financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the various fund and account group financial statements or to the various fund and account group financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary data schedules and the schedules of expenditures of federal and state awards are fairly stated, in all material respects, in relation to the various fund and account group financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 6, 2025 on our consideration of the Borough's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough's internal control over financial reporting and compliance.

TOTAL RESERVES	\$	127,702,199.00	\$	125,545,134.00

Note 1: <u>Summary of Significant Accounting Policies</u>

A. Reporting Entity

Except as noted below, the financial statements of the Borough of Florham Park include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Borough of Florham Park, as required by N.J.S. 40A:5-5. Accordingly, the financial statements of the Borough of Florham Park do not include the operations of the municipal library, or volunteer fire and first aid squads.

Governmental Accounting Standards Board ("GASB") Codification Section 2100, "Defining the Financial Reporting Entity" establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. In addition, component units can be other organizations for which the nature and significance of their relationship with a primary government are such that exclusion would cause the reporting entity's financial statements to be misleading. The primary government is financially accountable if it appoints a voting majority of the organization's governing body and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. A legally separate, tax-exempt organization should be reported as a component unit of a reporting entity if all of the following criteria are met: (1) The economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents. (2) The primary government, or its component units, is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization. (3). The economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to that primary government. As the financial reporting entity was established in accordance with New Jersey statutes, the requirements of GASB Codification Section 2100 were not followed and, accordingly, the reporting entity could be different from accounting principles generally accepted in the United States of America.

B. Description of Funds

The accounting policies of the Borough of Florham Park conform to the accounting practices applicable to municipalities which have been prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Such practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough of Florham Park accounts for its financial transactions through the following separate funds:

<u>Current Fund</u> - Resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

(Continued)

Note 1: Summary of Significant Accounting Policies (Cont'd)

B. Description of Funds (Cont'd)

<u>Trust Funds</u> - Receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

<u>General Capital Fund</u> - Receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

<u>Water Utility Operating and Capital Funds</u> - Account for the operations and acquisition of capital facilities of the municipally owned water utility.

<u>Sewer Utility Operating, Trust and Capital Funds</u> - Account for the operations, trust deposits and acquisition of capital facilities of the municipally owned sewer utility.

<u>Pool Utility Operating and Capital Funds</u> - Account for the operations and acquisition of capital facilities of the municipally owned pool utility.

<u>General Fixed Assets Account Group</u> – These accounts were established with estimated values of land, buildings, and certain fixed assets of the Borough as discussed in Note 1 E - "Basis of Accounting".

C. Basis of Accounting

Basis of accounting refers to when revenue and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The more significant accounting policies in New Jersey follow.

Revenue is recorded when received in cash except for certain amounts which may be due from the State of New Jersey and for the prepayment of future years' revenue. Grant revenue is realized in the operating funds when it is received and in the capital funds when improvements are authorized. The amounts recorded as property taxes and consumer accounts receivable have not been included in revenue. Amounts that are due to the municipality which are susceptible of accrual are recorded as receivables with offsetting reserves.

Expenditures are generally charged to operations based on budgeted amounts. Exceptions to this general rule include:

- 1. Accumulated unpaid vacation, sick pay and other employee benefit amounts are not accrued.
- 2. Prepaid expenses, such as insurance premiums applicable to subsequent periods, are charged to current budget appropriations in total.
- 3. Principal and interest on long-term debt are recognized when due.

(Continued)

Note 1: Summary of Significant Accounting Policies (Cont'd)

C. Basis of Accounting (Cont'd)

Expenditures, if any, in excess of appropriations, appropriation reserves or ordinances become deferred charges which must be raised by future taxes. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements and constitute part of the statutory appropriation reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31 of each year and recorded as liabilities, except for amounts which may be cancelled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

Had the Borough's financial statements been prepared under accounting principles generally accepted in the United States of America, encumbrances would not be considered as expenditures; appropriation reserves would not be recorded; revenue susceptible to accrual would have been reflected without offsetting reserves; and federal and state grants and assistance would be recognized when earned, not when budgeted; inventories would not be reflected as expenditures at the time of purchase, investments would generally be stated at fair value and fixed assets purchased by the Utility Funds would be depreciated, lease receivables and deferred lease resources as well as the related revenue would be recorded for leases for which the Borough is a lessor, and the Borough's net pension liability and net OPEB Liability and related deferred inflows and outflows would be recorded.

The cash basis of accounting is followed in the Trust, General Capital, and Pool Utility Capital Funds.

D. Deferred Charges to Future Taxation

The General Capital Fund balance sheet includes both funded and unfunded deferred charges. Funded means that bonds have been issued and are being paid off on a serial basis. Unfunded means that the debt has been authorized but not permanently financed. A municipality can eliminate an unfunded deferred charge by raising it in the budget, or collecting a grant. The unfunded deferred charge may also be funded by selling bonds, by loans, or by financed purchase agreements.

E. Other significant accounting policies include:

Management Estimates - The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of revenue and expenditures/expenses during the period reported. Actual results could differ from those estimates.

Cash and Cash Equivalents - Amounts include petty cash, change funds, amounts on deposit, and short-term investments with original maturities of three months or less.

<u>Investments</u> – Investments are stated at cost.

Grants Receivable - Grants receivable represent total grant awarded less amounts collected to date. Because the amount of grant funds to be collected are dependent on the total costs eligible for reimbursement, the actual amount collected may be less than the total amount awarded.

(Continued)

Note 1: Summary of Significant Accounting Policies (Cont'd)

E. Other significant accounting policies include: (Cont'd)

Allowance for Uncollectible Accounts - No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

Compensated Absences - Expenditures relating to unused vested accumulated vacation and sick pay are not recorded until paid.

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

<u>Inventories of Supplies</u> - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets.

General Fixed Assets - In accordance with New Jersey Administrative Code accounting requirements, as promulgated by the Division of Local Government Services, the Borough has developed a fixed assets accounting and reporting system based on the following:

General fixed assets are recorded at cost, except for land which is recorded at estimated historical cost. Infrastructure assets are not included in general fixed assets, as per state directive. Major renewals and betterments are charged to the asset accounts; maintenance and minor repairs and replacements, which do not improve or extend the lives of the respective assets, are expensed currently. Donated fixed assets are valued at their fair market value on the date donated. No depreciation has been provided for on general fixed assets. The total value recorded for general fixed assets is offset by a "Reserve for Fixed Assets." When properties are retired or otherwise disposed of, the asset and the reserve are adjusted accordingly. Assets recorded in the general fixed assets account group may also be recorded in the Current Fund, General Capital Fund, and Water Utility, Sewer Utility and Pool Utility Funds. The values recorded in the general fixed assets account group and the current and capital funds may not always agree due to differences in valuation methods, timing of recognition of assets, and the recognition of infrastructures. Fixed assets are reviewed for impairment.

Property and equipment purchased by the Water, Sewer, and Pool Utility Funds are recorded in the capital account at cost and are not adjusted for disposition and abandonment. The amounts shown do not purport to represent replacement costs or current value. Contributions in aid of construction are not capitalized. The balances in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the Utility Capital Funds represent charges to operations for the costs of acquisitions of property, equipment and improvements. The Utility Funds do not record depreciation on fixed assets.

Note 1: Summary of Significant Accounting Policies (Cont'd)

F. Budget/Budgetary Controls:

Annual appropriated budgets are usually prepared in the first quarter for the current and utility operating funds. The budgets are submitted to the governing body and the Division of Local Government Services. Budgets are prepared using the cash basis of accounting. The legal level of budgetary control is established at the line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the flexible chart of accounts referenced in N.J.S.A. 40A. All budget amendments/transfers must be approved by the Borough during the year.

Note 2: Long-Term Debt

The Local Bond Law governs the issuance of bond to finance general Borough capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. All bonds issued by the Borough are general obligation bonds. The Borough's full faith and credit and taxing power has been pledged to the payment of the general obligation debt principal and interest.

Infrastructure Loans

On October 26, 2005 the Borough of Florham Park entered into loan agreements with the State of New Jersey Infrastructure Trust (the "Trust"), in the aggregate amount of \$2,375,000, which represent direct obligations of the Borough. The loan agreements were obtained to finance a portion of the sewer improvement project. A portion of the loan is interest free while a portion was issued with interest rates ranging from 4.00% - 4.50%.

At December 31, 2024, the Borough borrowed or "drew down" \$2,375,000 of the \$2,375,000 funds necessary to complete the improvements partially funded with the Loan funds. Principal payments to the Fund for the loan will continue on a semiannual basis until 2025 at zero interest. Principal payments to the Trust for the loan will continue on an annual basis until 2025.

Note 2: Long-Term Debt (Cont'd)

Also, an annual administrative fee of fifteen one hundredths of one percent (.15%) of the initial principal amount of the loan or such lesser amount, if any, as the Trust may approve from time to time is payable on these loans.

Schedule of Annual Debt Service For Principal and Interest for the Next Three Years for Loans Issued and Outstanding

Calendar	Infrastructure Trust Loan							
Year	Principal		I1	Interest		Total		
2025	\$	175,600	\$	4,594	\$	180,194		

Note 3: Fund Balances Appropriated

Fund balances at December 31, 2024, which were appropriated and included as anticipated revenue for the year ending December 31, 2025 budget, were as follows:

Current Fund	\$ 3,055,265
Water Utility Operating Fund	185,000
Sewer Utility Operating Fund	1,609,500

Note 4: Pension Plans

Borough employees participate in one of the two contributory, defined benefit public employee retirement systems: the State of New Jersey Public Employee's Retirement System (PERS) or the State of New Jersey Police and Firemen's Retirement System (PFRS); or the Defined Contribution Retirement Program (DCRP), a tax qualified defined contribution money purchase pension plan under Internal Revenue Code (IRC) 401(a).

A. Public Employees' Retirement System (PERS)

Plan Description

The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about the PERS, please refer to the Division's annual financial statements which can be found at www.state.nj.us/treasury/pensions/annual-reports.shtml.

Note 4: Pension Plans (Cont'd)

A. Public Employees' Retirement System (PERS) (Cont'd)

Benefits Provided

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service. The following represents the membership tiers for PERS:

Definition

Members who were enrolled prior to July 1, 2007

Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008

Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010

Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011

Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and to Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, to Tiers 3 and 4 with 25 or more years of service credit before age 62 and Tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Contributions

The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by active members and contributing members. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid.

The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law.

Note 4: Pension Plans (Cont'd)

A. Public Employees' Retirement System (PERS) (Cont'd)

Contributions (Cont'd)

This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning, with the payments due in the fiscal year ended June 30, 2012 and are adjusted by the rate of return on the actuarial value of assets.

Borough contributions to PERS amounted to \$898,793 for 2024. During the fiscal year ended June 30, 2024, the State of New Jersey contributed \$30,377 to the PERS for normal pension benefits on behalf of the Borough.

The employee contribution rate was 7.50% effective July 1, 2018.

Special Funding Situation

Under N.J.S.A. 43:15A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed that legally obligated the State if certain circumstances occurred. The legislation, which legally obligates the State, is Chapter 366, P.L. 2001 and chapter 133, P.L. 2001. The amounts contributed on behalf of the local participating employers under the legislation is considered to be special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under the legislation directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statement of the local participating employers related to the legislation. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entity's total proportionate share of the collective net pension liability that is associated with the local participating employer. In addition, each local participating employer must disclose pension expense as well as revenue associated with the employers in an amount equal to the nonemployer contributing entity's total proportionate share of the collective pension expense associated with the local participating employer.

Pension Liabilities and Pension Expense

At June 30, 2023, the Borough's liability was \$9,740,508 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022 which was rolled forward to June 30, 2023. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2023, the Borough's proportion was 0.0672%, which was a decrease of 0.0017% from its proportion measured as of June 30, 2022. The Borough has rolled forward the net pension liability as of June 30, 2023 with no adjustments. The State of New Jersey Public Employees' Retirement System (PERS)' valuation cycle is July 1 instead of December 31. The roll forward methodology puts them a year in arrears in terms of valuation. The Division of Local Government Services, Department of Community Affairs, State of New Jersey is permitting municipalities and counties to include the June 30, 2023 information in the Notes to the Financial Statements as the June 30, 2024 information has not been released as of the date of this audit.

Note 4: Pension Plans (Cont'd)

A. Public Employees' Retirement System (PERS) (Cont'd)

Pension Liabilities and Pension Expense (Cont'd)

There was no state proportionate share of net pension liability attributable to the Borough as of June 30, 2023. For the year ended December 31, 2024, the Borough recognized actual pension expense in the amount of \$898,793.

Actuarial Assumptions

The collective total pension liability for the June 30, 2023, measurement date was determined by an actuarial valuation as of July 1, 2022 which was rolled forward to June 30, 2023. This actuarial valuation used the following actuarial assumptions:

Inflation Rate:

Price 2.75% Wage 3.25%

Salary Increases 2.75 - 6.55% based on years of service

Investment Rate of Return 7.00%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee Mortality Table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and a 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

Long Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on pension plan investments (7.00% at June 30, 2023) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the Board of Trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS' target asset allocation as of June 30, 2023 are summarized in the following table:

Note 4: Pension Plans (Cont'd)

A. Public Employees' Retirement System (PERS) (Cont'd)

Long Term Expected Rate of Return

		Long-Term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
U.S. Equity	28.00%	8.98%
Non-U.S. Developed Market Equity	12.75%	9.22%
International Small Cap Equity	1.25%	9.22%
Emerging Markets Equity	5.50%	11.13%
Private Equity	13.00%	12.50%
Real Estate	8.00%	8.58%
Real Assets	3.00%	8.40%
High Yield	4.50%	6.97%
Private Credit	8.00%	9.20%
Investment Grade Credit	7.00%	5.19%
Cash Equivalents	2.00%	3.31%
U.S. Treasuries	4.00%	3.31%
Risk Mitigation Strategies	3.00%	6.21%

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2023. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based upon 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments in determining the total pension liability.

Note 4: Pension Plans (Cont'd)

A. Public Employees' Retirement System (PERS) (Cont'd)

Sensitivity of the Borough's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Borough's proportionate share of the collective net pension liability as of June 30, 2023 calculated using the discount rate as disclosed below, as well as what the Borough's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial statements.

B. Police and Firemen's Retirement System (PFRS)

Plan Description

The State of New Jersey Police and Firemen's Retirement System (PFRS), is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about the PFRS, please refer to the Division's annual financial statements which can be found at www.state.nj.us/treasury/pensions/annual-reports.shtml.

Benefits Provided

The vesting and benefit provisions are set by N.J.S.A. 43:16A. The PFRS provides retirement as well as death and disability benefits. All benefits vest after ten years of service, except disability benefits which vest after 4 years of service.

Note 4: Pension Plans (Cont'd)

B. Police and Firemen's Retirement System (PFRS) (Cont'd)

Benefits Provided (Cont'd)

The following represents the membership tiers for PFRS:

Tier	Definition
1	Members who were enrolled prior to May 22, 2010
2	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
3	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tiers 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

Contributions

The contribution policy for PFRS is set by N.J.S.A. 43:16A and requires contributions by active members and contributing members. State legislation has modified the amount that is contributed by the State. The State's contribution amount is based on an actuarially determined rate, which includes the normal costs and unfunded accrued liability. For fiscal year 2023, the State contributed an amount more than the actuarially determined amount.

The Local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PFRS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual amounts over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of the assets.

Note 4: Pension Plans (Cont'd)

B. Police and Firemen's Retirement System (PFRS) (Cont'd)

Special Funding Situation

Under N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan (except for employer specified financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers related to this legislation. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the collective net pension liability that is associated with the local participating employer. In addition, each local participating employer must recognize pension expense associated with the employer as well as revenue in an amount equal to the nonemployer contributing entities' total proportionate share of the collective pension expense associated with the local participating employer.

Borough contributions to PFRS amounted to \$1,413,042 for the year ended December 31, 2024. During the fiscal year ended June 30, 2023, the State of New Jersey contributed \$247,139 to the PFRS for normal pension benefits on behalf of the Borough, which is less than the contractually required contribution of \$245,813.

The employee contributions for PFRS are 10.00% of employees' annual compensation, as defined.

Pension Liabilities and Pension Expense

At June 30, 2023, the Borough's liability for its proportionate share of the net pension liability was \$11,728,051. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022 which was rolled forward to June 30, 2023. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2023, the Borough's proportion was 0.106%, which was a 0.0004% increase from its proportion measured as of June 30, 2022. The Borough has rolled forward the net pension liability as of June 30, 2023 with no adjustments. The State of New Jersey Police and Firemen's Retirement System (PFRS)' valuation cycle is July 1 instead of December 31. The roll forward methodology puts them a year in arrears in terms of valuation. The Division of Local Government Services, Department of Community Affairs, State of New Jersey is permitting municipalities and counties to include the June 30, 2023 information in the Notes to the Financial Statements as the June 30, 2024 information has not been released as of the date of this audit.

Note 4: Pension Plans (Cont'd)

B. Police and Firemen's Retirement System (PFRS) (Cont'd)

Pension Liabilities and Pension Expense (Cont'd)

Additionally, the State's proportionate share of the net pension liability attributable to the Borough is \$2,161,030 as of June 30, 2023. The net pension liability was measured as of June 30, 2022 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022 which was rolled forward to June 30, 2023. The State's proportionate share of the net pension liability associated with the Borough was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2023, the State's proportion was .106%, which was an increase of 0.0004% from its proportion measured as of June 30, 2022 which is the same proportion as the Borough's.

Borough's Proportionate Share of the Net Pension Liability	\$ 11,728,051
State's Proportionate Share of the Net Pension Liability Associated	
with the Borough	 2,161,030
Total Net Pension Liability	\$ 13,889,081

For the year ended December 31, 2024, the Borough recognized total pension expense of \$1,413,042.

Actuarial Assumptions

The total pension liability for the June 30, 2023 measurement date was determined by an actuarial valuation as of July 1, 2022 which was rolled forward to June 30, 2023. This actuarial valuation used the following actuarial assumptions:

Inflation Rate:

Price 2.75% Wage 3.25%

Salary Increases:

Through all future years 3.25 - 16.25% based on years of service

Thereafter Not Applicable

Investment Rate of Return 7.00%

Employee mortality rates were based on the PubS-2010 amount-weighted mortality table with a 105.6% adjustment for males and 102.5% adjustment for females. For healthy annuitants, mortality rates were based on the PubS-2010 amount-weighted mortality table with a 96.7% adjustment for males and 96.0% adjustment for females. Disability rates were based on the PubS-2010 amount-weighted mortality table with a 152.0% adjustment for males and 109.3% adjustment for females. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

Note 4: Pension Plans (Cont'd)

B. Police and Firemen's Retirement System (PFRS) (Cont'd)

Long Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on pension plan investments (7.00% at June 30, 2023) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the Board of Trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PFRS' target asset allocation as of June 30, 2023 are summarized in the following table:

	C	Long-Term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
U.S. Equity	28.00%	8.98%
Non-U.S. Developed Market Equity	12.75%	9.22%
International Small Cap Equity	1.25%	9.22%
Emerging Markets Equity	5.50%	11.13%
Private Equity	13.00%	12.50%
Real Assets	3.00%	8.40%
Real Estate	8.00%	8.58%
High Yield	4.50%	6.97%
Private Credit	8.00%	9.20%
Investment Grade Credit	7.00%	5.19%
Cash Equivalents	2.00%	3.31%
U.S. Treasuries	4.00%	3.31%
Risk Mitigation Strategies	3.00%	6.21%

Discount Rate – PFRS

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2023. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based upon 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Note 4: Pension Plans (Cont'd)

B. Police and Firemen's Retirement System (PFRS) (Cont'd)

Sensitivity of the Total Net Pension Liability (including the State's proportionate share of the net pension liability attributable to the Borough) to Changes in the Discount Rate

The following presents the total net pension liability (including the State's proportionate share of the net pension liability attributable to the Borough) as of June 30, 2023 calculated using the discount rate as disclosed above, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

Ju	ne 30	, 2023			
		At 1%	A	At Current	At 1%
		Decrease	Di	scount Rate	Increase
		(6.00%)		(7.00%)	 (8.00%)
Borough's proportionate share of the NPL and					
the State's proportionate share of the Net					
Pension Liability associated with the Borough	\$	19,352,002	\$	13,889,081	\$ 9,339,773

Pension Plan Fiduciary Net Position - PFRS

Detailed information about the PFRS's fiduciary net position is available in the separately issued PFRS financial statements.

C. Defined Contribution Retirement Program (DCRP)

Prudential Financial jointly administers the DCRP investments with the NJ Division of Pensions and Benefits. If an employee is ineligible to enroll in the PERS or PFRS, the employee may be eligible to enroll in the DCRP. DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting is immediate upon enrollment for members of the DCRP.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the DCRP. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625-0295.

Employers are required to contribute at an actuarially determined rate. Employee contributions are based on percentages of 5.50% for DCRP of employees' annual compensation, as defined. The DCRP was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 and expanded under the provisions of Chapter 89, P.L. 2008. Employee contributions for DCRP are matched by a 3% employer contribution.

For DCRP, the Borough recognized pension expense of \$1,517.76 for the year ended December 31, 2024. Employee contributions to DCRP amounted to \$2,569.37 for the year ended December 31, 2024.

Note 5: Accrued Sick, Vacation and Compensatory Time Benefits

The Borough has permitted employees to accrue a limited amount of unused sick, vacation and compensatory time pay, which may be taken as time off or paid at a later date at an agreed-upon rate. It is estimated that the current cost of such unpaid compensation would approximate \$1,598,986.41. This amount is not reported either as an expenditure or a liability. However, it is expected that the cost of such unpaid compensation would be included in the Borough's budget operating expenditures in the year in which it is used. This amount is fully reserved in the Reserve for Accumulated Absences of \$1,262,000 and is reflected on the Other Trust Funds' balance sheet as of December 31, 2024.

Balance at December 31, 2023 (Restated)	\$ 1,677,329.70
Net Change	 (78,343.29)
Balance at December 31, 2024	\$ 1,598,986.41
Amount Due within One Year	\$ 15,000.00

Note 6: School District Taxes

Regulations provide for the deferral of not more than 50% of the annual levy when school taxes are raised for a school year and have not been requisitioned by the school district. The Borough of Florham Park has not elected to defer school taxes.

Note 7: Selected Tax Rate Information

Property taxes are levied as of January 1 on property values assessed as of the previous calendar year. The tax levy is divided into two billings. The first billing is an estimate of the current year's levy based on the prior year's taxes. The second billing reflects adjustments to the current year's actual levy. The final tax bill is usually mailed on or before June 14th along with the first half estimated tax bills for the subsequent year. The first half estimated taxes are divided into two due dates, February 1 and May 1. The final tax bills are also divided into two due dates, August 1 and November 1. A ten-day grace period is usually granted before the taxes are considered delinquent and there is an imposition of interest charges. A penalty may be assessed for any unpaid taxes in excess of \$10,000 at December 31 of the current year. Unpaid taxes of the prior years may be placed in lien at a tax sale held after April 1 and through December 10. Unpaid taxes of the current year may be placed in lien at a tax sale held after December 10.

Note 7: <u>Selected Tax Rate Information</u> (Cont'd)

	 2024		2023	 2022
Tax Rate	\$ 1.624	\$	1.598	\$ 1.612
Apportionment of Tax Rate				
Municipal	0.457		0.452	0.445
County	0.299		0.270	0.269
Local School	0.572		0.582	0.596
Regional High School	0.296		0.294	0.302
Assessed Valuations				
2024	\$ 3,866,199,379			
2023		\$ 3	,753,932,620	
2022				\$ 3,642,031,253

Comparison of Tax Levies and Collections Currently

A study of this tabulation could indicate a possible trend in future tax levies.

A decrease in the percentage of current collection could be an indication of a probable increase in future tax levies.

		Currently		
		Cash	Percentage of	
Year	Tax Levy	Collections	Collection	
2024	\$ 63,051,810	\$ 62,140,413	98.55%	
2023	60,915,283	60,150,380	98.74%	
2022	60,061,147	59,596,239	99.23%	

Also, increases in future tax levies can also be warranted if revenue sources outside of those directly generated by the municipality, such as federal or state aid, should decline without corresponding decreases in budgeted expenditures.

Note 8: Cash and Cash Equivalents

Cash and cash equivalents include petty cash, change funds, amounts in deposits, money market accounts, and short-term investments with original maturities of three months or less.

Investments are stated at cost. The Borough classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

GASB requires disclosure of the level of custodial credit risk assumed by the Borough in its cash, cash equivalents and investments, if those items are uninsured or unregistered. Custodial risk is the risk that in the event of bank failure, the government's deposits may not be returned.

Note 8: Cash and Cash Equivalents (Cont'd)

Interest Rate Risk – In accordance with its cash management plan, the Borough ensures that any deposit or investments matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk – The Borough limits its investments to those authorized in its cash management plan which are permitted under state statutes as detailed in the section of this note on investments.

Custodial Credit Risk – The Borough's policy with respect to custodial credit risk requires that the Borough ensures that Borough funds are only deposited in financial institutions in which New Jersey municipalities are permitted to invest their funds.

Deposits:

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation (FDIC), or by any other agencies of the United States that insure deposits or the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal 5% of the average daily balance of collected public funds on deposit, and

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Investments:

New Jersey statutes permit the Borough to purchase the following types of securities:

- (1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- (2) Government money market mutual funds;
- (3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
- (4) Bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located;

Note 8: Cash and Cash Equivalents (Cont'd)

Investments: (Cont'd)

- (5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, issued by New Jersey school districts, municipalities, counties, and entities subject to the "Local Authorities Fiscal Control Law" P.L. 1983, c. 313 (C.40A:5A-1 et seq.) Other bonds or obligations having a maturity date not more than 397 days from the date of purchase may be approved by the Division of Local Government Services in the Department of Community Affairs for investment by local units;
- (6) Local government investment pools;
- (7) Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 (C.52:18A-90.4); or
- (8) Agreements for the repurchase of fully collateralized securities if:
 - (a) the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this subsection a. or are bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, issued by New Jersey school districts, municipalities, counties and entities subject to the "Local Authorities Fiscal Control Law", P.L. 1983 c.313 (C.40A:5A-1 et seq.);
 - (b) the custody of collateral is transferred to a third party;
 - (c) the maturity of the agreement is not more than 30 days;
 - (d) the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c.236 (C.17:9-41); and

As of December 31, 2024, cash and cash equivalents of the Borough of Florham Park consisted of the following:

Note 8: <u>Cash and Cash Equivalents</u> (Cont'd)

<u>Investments</u>: (Cont'd)

Fund	Checking Accounts	Cash on Hand	Totals
Current	\$ 14,041,578.93		\$ 14,041,578.93

	\$ 52,919,644.91	\$ 50.00	\$ 52,919,694.91

The carrying amount of the Borough of Florham Park's cash and cash equivalents at cost at December 31, 2024, was \$52,919,694.91 and the bank balance was \$53,732,663.54.

Note 9: Risk Management

The Borough is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The Borough of Florham Park is a member of the Morris County Municipal Joint Insurance Fund. This fund is both an insured and self-administered group of municipalities established for the purpose of providing certain low-cost insurance coverage for member municipalities in order to keep local property taxes at a minimum.

The following coverages are offered by these funds to its members:

- a.) Workers' Compensation and Employers' Liability
- b.) Liability Other Than Motor Vehicles
- c.) Property Damage Other Than Motor Vehicles
- d.) Motor Vehicle
- e.) Environmental

As a member of this Fund, the Borough could be subject to supplemental assessments in the event of deficiencies. If the assets of the Funds were to be exhausted, members would become responsible for their respective shares of the Fund's liabilities.

Note 9: Risk Management (Cont'd)

This Fund can declare and distribute dividends to members upon approval of the State of New Jersey Department of Banking and Insurance. These distributions are divided amongst the members in the same ratio as their individual assessment relates to the total assessment of the membership body. In accordance with the Governmental Accounting Standards Board, these distributions are used to reduce the amount recorded for membership expense in the year in which the distribution was declared.

The Fund's financial statements for the year ended December 31, 2024 were unavailable at the time of this audit. Selected financial information from the fund as of December 31, 2023 is as follows:

Total Assets	\$ 38,605,475
Net Position	\$ 14,033,264
Total Revenue	\$ 23,257,278
Total Expenses	\$ 19,724,058
Change in Net Position	\$ 3,533,220
Member Dividends	\$ -0-

Financial statements for the Fund are available at the offices of the Fund's Executive Director:

PERMA Risk Management Services 9 Campus Drive, Suite 216 Parsippany, NJ 07054 (201) 881-7632

Health Benefits Insurance

The Borough is self-insured to the extent of the amounts "deductible" from umbrella insurance coverage for Health Benefits.

Coverage is provided by an excess risk insurance policy, issued by Horizon Blue Cross/Blue Shield of NJ, with coverages detailed as follows:

A. Specific Loss:

The Borough will pay the Specific Deductible amount of \$75,000 per policy period per covered person.

B. Aggregate Loss:

2023 maximum aggregate liability is \$2,294,717.

Processing and payment of claims is administered by Horizon Blue Cross/Blue Shield of NJ.

There is a provision included in the financial statements in the Other Trust Fund - Reserve for Self Insurance for claims incurred but not reported as of December 31, 2024, of \$1,190,263, which exceeds the estimated amount for unpaid losses and loss adjustment expenses, provided by the Borough Health Insurance Advisor.

Note 9: Risk Management (Cont'd)

Health Benefits Insurance (Cont'd)

A summary of activity in the Other Trust Fund Reserve for Self Insurance for the current and prior two years is detailed as follows:

	 2024	 2023	2022
Balance, Beginning of Year	\$ 1,295,539	\$ 1,101,943	\$ 1,181,025
Receipts	3,042,000 4,337,539	2,928,000 4,029,943	3,003,000 4,184,025
Disbursements	 3,147,276	 2,734,404	 3,082,082
Balance, End of Year	\$ 1,190,263	\$ 1,295,539	\$ 1,101,943

New Jersey Unemployment Compensation Insurance

The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Borough is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Borough is billed quarterly for amounts due to the State.

The following is a summary of Borough and employee contributions, interest earned and reimbursements to the State for benefits paid and the ending balance of the Borough's trust fund for the current and previous two years:

	Borough	Employee	Amount	Ending
Year	Contributions	Contributions	Reimbursed	Balance
2022	\$ -0-	\$ 23,074.69	\$ 6,712.56	\$474,247.44
2023	-0-	40,725.44	8,416.65	506,556.23
2024	-0-	35,588.45	35,437.07	506,707.61

Insurance Deductible

The Reserve for Self-Insurance Deductible account was established in the Other Trust Funds to fund the Borough's self-insured retention for Employment Practices Liability ("EPL") and Proof of Loss ("POL") claims should they occur. The Borough's obligation or exposure on an EPL/POL claim is the first \$20,000 of the claim and then 20% of the first \$250,000 for a combined possible exposure of \$75,000 per claim.

Note 10: Contingencies

The Borough is periodically involved in lawsuits arising in the normal course of business, including claims for disputes over contract awards. In the opinion of management, the ultimate outcome of these lawsuits will not have a material adverse effect on the Borough's financial position as of December 31, 2024.

Amounts received or receivable from grantors, principally the federal and state governments are, subject to regulatory requirements and adjustments by the agencies. Any disallowed claims, including amounts previously recognized by the Borough as revenue would constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantors cannot be determined at this time, although Borough officials expect such amounts, if any, to be immaterial.

The Borough has been advised that a number of tax appeals have been filed. Potential refunds on tax appeals could be a financial burden. A reserve for pending tax appeals in the amount of \$5,805,371.89 has been recorded as a liability as of December 31, 2024. The Borough feels this balance is sufficient to cover any liability related to the tax appeals.

Note 11: Economic Dependency

The Borough of Florham Park receives a substantial amount of support from federal and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the Borough's programs and activities.

Note 12: <u>Deferred Compensation</u>

The Borough offers its employees a deferred compensation plan created in accordance with Internal Revenue Code 457. This plan, which is administered by Nationwide, permits participants to defer a portion of their salary until future years. Amounts deferred under the plan are not available to employees until termination, retirement, death or unforeseeable emergency.

Note 13: Interfund Receivables and Payables

The following interfund balances remained on the balance sheet at December 31, 2024:

	Interfund		Interfund	
<u>Fund</u>		Receivable		Payable
Current Fund	\$	66,553.91		
Federal and State Grant Fund			\$	3,656.52
Other Trust Fund		5.00		15,385.37
General Capital Fund				18,559.66
Water Utility Operating Fund		26,117.15		
Water Utility Capital Fund				26,117.15
Sewer Utility Operating Fund		23,653.35		
Sewer Utility Capital Fund				23,653.35
Pool Utility Operating Fund		657.78		28,957.36
Pool Utility Capital Fund				657.78
	\$	116,987.19	\$	116,987.19

Note 13: Interfund Receivables and Payable (Cont'd)

The interfund payable between the Other Trust Fund to Current Fund represents interest earned in Other Trust Fund and not turned over to Current Fund at year end. The interfund payable from General Capital Fund to Current Fund represents interest earned in General Capital Fund and not turned over to Current Fund at year end. The interfund between Water Utility Operating Fund and Water Utility Capital Fund is due to interest earned in Water Utility Capital Fund not turned over to Water Utility Operating Fund at year end as well as payments made in the Water Utility Capital Fund on behalf of the Water Utility Capital Fund. The interfund between Water Utility Capital Fund and Federal and State Grant Fund is due to grant funds received in Water Utility Capital Fund not turned over to Federal and State Grant Fund at year end. The Sewer Utility Operating Fund interfund represents interest earned in Sewer Utility Capital Fund not turned over to Sewer Utility Operating Fund at year end. The interfund between Pool Utility Operating Fund and Pool Utility Capital Fund represents interest earned in Pool Utility Capital Fund not turned over to Pool Utility Operating Fund at year end.

Note 14: Post-Retirement Benefits Other than Pensions (OPEB)

General Information about the Borough's OPEB Plan

Plan Description and Benefits

The Borough provides other post-retirement benefits to certain clerical, public works and police employees. Medical including prescription drugs are offered to pre-65 and post-65 retirees on a fully insured basis. The Borough does not provide subsidized benefits for dental, vision or life insurance coverage. Furthermore, the Borough subsidizes (or reimburses) premium payments for Medicare Part B coverage for retirees and/or spouses that are eligible for Medicare, but does not reimburse for Medicare Part D coverage. Non-Union retirees hired after October 1, 1997 are not eligible for subsidized health care benefits in retirement. Furthermore, all retirees including dependents are eligible for Medicare Part B coverage except for Non-Union employees hired after October 1, 1997. Eligibility for retirement is based on meeting a criteria of minimum age and/or years of service (YOS) requirements.

For this valuation, retirees are eligible for subsidized healthcare benefits based on reaching a minimum of twenty-five (25) YOS of service with the Borough and no minimum age requirement for all groups including Union and Non-Union.

Contributions

Base medical plan costs for pre-65 and post-65 retirees are based on fully insured premium rates provided by the Borough for the 2023 and 2024 plan years. Premium rates are based on 100% before retiree contributions and assumed to include all administrative expenses and PPACA fees due at this time. In addition, fully insured prescription drug premium rates through MaxorPlus are assumed to include all administrative expenses and applicable PPACA fees as well. The prescription drug rates provided reflect a combined active and retiree population (pre-65 and post-65), therefore adjustments were necessary to convert the provided premium rates into specific pre-65 and post-65 retirees costs.

Retiree contribution rates vary by union and Medicare eligibility status. Below is a summary of retiree contributions by union and pre-65/post-retiree Medicare eligibility status.

Note 14: Post-Retirement Benefits Other than Pensions (OPEB) (Cont'd)

General Information about the Borough's OPEB Plan (Cont'd)

Contributions (Cont'd)

Union	Pre-65 Retiree	Post-65 Retiree
DPW	0%	0%
PBA	0%	100%
Non-Union hired before 1/1/1997	0%	0%
Non-Union hired on/after 10/1/1997	100%	100%

Employees Covered by Benefit Terms

As of January 2024, there were 172 active employees and retirees reflecting the sum of 110 active employees (95 electing coverage and 15 waiving coverage) and 62 retirees, inclusive of 5 surviving spouses.

Total OPEB Liability

The Borough's OPEB liability of \$50,770,677 was measured as of December 31, 2024, and was determined by an actuarial valuation as of December 31, 2024.

Actuarial Assumptions and Other Inputs

Haalth Cara

The total OPEB liability in the December 31, 2024 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Discount Rate	4.22% at December 31, 2024
Salary Increases	3.00% per year
Inflation Assumptions	0.25% per year

The selected discount rate is based on the prescribed discount interest rate methodology under GASB No. 74/75 using an average of three 20-year bond indices (e.g., Bond Buyer-20 Bond GO – 2.06%, S&P Municipal Bond 20 Year High Grade Rate Index – 2.25%, and Fidelity GA AA 20 Years – 1.84%) as of December 31, 2023.

Health Care			
Trend Rates	Year	Pre-65	Post-65
Year 1 Trend	January 1, 2024	7.00%	7.00%
Ultimate Trend	January 1, 2034 & Later	4.50%	4.50%
Grading Per Year		0.25%	0.25%

The mortality tables used for this valuation is based on the Society of Actuaries Pub-2010 Public Retirement Plans Healthy Male and Female Total Dataset Headcount-Weighted Mortality tables using Employee and Healthy Annuitant Tables for both pre- and post-retirement projected with mortality improvements using the most current Society of Actuaries Mortality Improvement Scale MP-2020.

Note 14: Post-Retirement Benefits Other than Pensions (OPEB) (Cont'd)

General Information about the Borough's OPEB Plan (Cont'd)

OPEB Expense

For the year ended December 31, 2023, the Borough's OPEB expense was \$2,874,110 as determined by the actuarial valuation.

Note 15: Tax Abatements

GASB requires disclosure of tax abatement information about (1) a reporting government's own tax abatement agreements and (2) those that are entered into by other governments and that reduce the reporting government's tax revenues.

As of December 31, 2024, the Borough provides two tax abatements. The first to a public body corporate and politic of the State of New Jersey with corporate succession (the "Authority) in the Borough pursuant to the authority contained in N.J.S.A. 5:10-6a(14)(b) (the "Law") and an agreement dated March 20, 2007. In consideration of the full abatement of taxes, the Authority is required to pay to the Borough \$236,212 per year.

On the fifth anniversary date after the Payment in Lieu of Taxes (the "PILOT") commencement date and on each of the succeeding fifth anniversary dates thereafter, the PILOT shall be adjusted so that the amount payable in the sixth year shall be equal to the PILOT paid on the PILOT commencement date adjusted by one hundred percent of the cumulative percentage increase or . decrease, if any, in the Consumer Price Index for each year from the PILOT commencement cate through the end of fifth year (the "PILOT Adjustment").

The resulting amount shall be the PILOT payable annually for the sixth through the tenth years after the PILOT commencement date. The foregoing calculation shall be repeated with respect to every five years thereafter and the resulting PILOT for each successive five year period shall be the PILOT for the last year of the preceding five year period, as increased or decreased by the PILOT Adjustment applied thereto.

The tax abatement provided under the agreement shall be terminated on the first day of the month following the date which the project is transferred by the Authority to a private party.

The second abatement is to the owner and operator of a low-moderate income residential developer (the Sponsor) as approved in Section 37 of the New Jersey Housing and Mortgage Fiancne Agency Law of 1983 and was entered into on December 3, 1991. In consideration of a tax abatement the Sponsor will pay an annual service charge in lieu of taxes in the amount of eight and one-half percent of the Annual Gross Revenues of the Project from substantial completion until the remaining term of the NJHMFA mortgage.

The Borough recognized revenue in the amount of \$502,522.70 from these payment in lieu of taxes agreements which is recorded as a miscellaneous revenue in the Current Fund. The taxes which would have been paid on these property for 2024 without the abatement would have been \$1,014,465.00 of which \$280,048.00 would have been for the local municipal tax and minimum library tax.

Note 16: Fixed Assets

The following schedule is a summarization of the general fixed assets for the years ended December 31, 2024 and 2023:

	Balance		Deletions/	Balance

N/A - Not Available

SEE ACCOMPANYING NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS

BOROUGH OF FLORHAM PARK NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS YEAR ENDED DECEMBER 31, 2024

Note 1. BASIS OF PRESENTATION

The accompanying schedules of expenditures of federal and state awards (the "Schedules") include the federal and state grant activity of the Borough of Florham Park under programs of the federal and state governments for the year ended December 31, 2024. The information in these schedules is presented in accordance with the requirements of the Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") and New Jersey's OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* Because the schedules present only a selected portion of the operations of the Borough, they are not intended to and do not present the financial position, changes in fund balance or cash flows of the Borough.

Note 2. <u>SUMMARY OF SIGNIFICANT ACCOUNITING POLICIES</u>

Expenditures reported on the accompanying schedules of expenditures of federal and state awards are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursement. Negative amounts, if any, shown on the Schedules represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through identifying numbers are presented where available. The Borough has elected not to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 3. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

Note 4. STATE LOANS OUTSTANDING

The Borough of Florham Park has the following loan outstanding as of December 31, 2024:

New Jersey Environmental Infrastructure Trust Loan \$ 175,600.15

The Borough entered into an agreement with the New Jersey Environmental Infrastructure Trust in October 2005 for the amount of \$2,375,000, to finance a portion of the sewer improvement project. Currently, the Borough is in the process of repaying the loan balance. There were no loan receipts or expenditures in the current year. The project which relates to the loan is complete.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Independent Auditors' Report

The Honorable Mayor and Members of the Borough Council Borough of Florham Park Florham Park, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements - *regulatory basis* - of the various funds of the Borough of Florham Park, in the County of Morris (the "Borough") as of and for the years ended December 31, 2024 and 2023, and the related notes to the financial statements and have issued our report thereon dated June 6, 2025. These financial statements have been prepared in accordance with accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division's regulatory basis of accounting, and the budget laws of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Borough's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Borough's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified a certain deficiency in internal control, described in the accompanying Schedule of Findings and Responses as Finding 2024-001, that we consider to be a significant deficiency.

The Honorable Mayor and Members of the Borough Council Borough of Florham Park Florham Park, New Jersey

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Borough's Response to the Finding

Government Auditing Standards requires the auditor to perform limited procedures on the Borough's response to the finding identified in our audit and described in the accompanying Schedule of Findings and Responses. The Borough's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

BOROUGH OF FLORHAM PARK SCHEDULE OF FINDINGS AND RESPONSES YEAR ENDED DECEMBER 31, 2024

Summary of Auditors' Results:

- The Independent Auditors' Report expresses an unmodified opinion on the financial statements of the Borough prepared in accordance with accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey.
- A significant deficiency disclosed during the audit of the financial statements is reported in the Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards. No material weaknesses are reported.
- No instances of noncompliance material to the financial statements of the Borough which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
- The Borough was not subject to the single audit provisions of the Uniform Guidance and New Jersey's OMB Circular 15-08 for the year ended December 31, 2024 as both state and federal grant expenditures were less than the single audit thresholds of \$750,000 identified in in the Uniform Guidance and NJOMB 15-08.

Findings Relating to the Financial Statements which are required to be Reported in Accordance with Generally Accepted Government Auditing Standards:

- The audit disclosed the following significant deficiency required to be reported under Generally Accepted Government Auditing Standards:

Finding 2024-001

Segregation of Duties

Criteria

Concentration of duties and responsibilities in a limited number of individuals is not desirable from a control point of view.

Condition

The Borough does not maintain an adequate segregation of duties with respect to the recording and treasury functions.

The various departments/offices of the Borough are responsible for the issuance of permits and licenses; collections of taxes and permit and license fees; and recording of collections. Also, the reconciliation of bank accounts, the preparation of the general ledger for the various funds as well as the preparation of payroll are performed by one person, the Chief Financial Officer.

Condition

This is due, in part, to the limited number of personnel of the Borough and the decentralized nature of governmental collection procedures.

BOROUGH OF FLORHAM PARK SCHEDULE OF FINDINGS AND RESPONSES YEAR ENDED DECEMBER 31, 2024

(Continued)

Findings Relating to the Financial Statements which are required to be Reported in Accordance with Generally Accepted Government Auditing Standards: (Cont'd)

<u>Finding 2024-001</u> (Cont'd)

Effect or Potential Effect

Segregation of duties refers to separating those functions that place too much control over a transaction or class of transactions that would enable a person to perpetuate errors and prevent detection within a reasonable period of time.

Recommendation

It is recommended that an adequate segregation of duties be maintained with respect to the recording and treasury functions.

Management's Response

The finding was evaluated, however, due to budgetary constraints; no resolution can be made at this time.

Findings and Questioned Costs for Federal Awards:

- Not applicable since federal expenditures were below the single audit threshold.

Findings and Questioned Costs for State Awards:

- Not applicable since state expenditures were below the single audit threshold.

BOROUGH OF FLORHAM PARK SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS YEAR ENDED DECEMBER 31, 2024

The Borough's prior year audit finding 2023-001 regarding segregation of duties has not been completely resolved due to budgetary constraints and is included as finding 2024-001.

BOROUGH OF FLORHAM PARK PART III COMMENTS AND RECOMMENDATIONS YEAR ENDED DECEMBER 31, 2024

BOROUGH OF FLORHAM PARK COMMENTS AND RECOMMENDATIONS

Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4

N.J.S.A. 40A:11-3 states:

- a. "When the cost or price of any contract awarded by the contracting agent in the aggregate does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution, as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids, except that the governing body of any contracting unit may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to Subsection b. of Section 9 of P.L. 1971, C.198 (N.J.S.A. 40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.
- b. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to subparagraph (i) of paragraph (a) of subsection (1) of section 5 of P.L. 1971, C.198 (N.J.S.A. 40A:11-5) may be awarded for a period not exceeding 12 consecutive months. The Division of Local Government Services shall adopt and promulgate rules and regulations concerning the methods of accounting for all contracts that do not coincide with the contracting unit's fiscal year.
- c. The Governor, in consultation with the Department of the Treasury, shall, no later than March 1 of every fifth year beginning in the fifth year after the year in which P.L. 1999, C.440 takes effect, adjust the threshold amount and the higher threshold amount which the governing body is permitted to establish, as set forth in subsection a. of this section, or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in section 2 of P.L. 1971, C.198 (N.J.S.A. 40A:11-2), and shall round the adjustment to the nearest \$1,000. The Governor shall, no later than June 1 of every fifth year, notify each governing body of the adjustment. The adjustment shall become effective on July 1 of the year in which it is made."
- N.J.S.A. 40A: 11-4 states: "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

Effective July 1, 2020 and thereafter, the bid thresholds in accordance with N.J.S.A. 40A:11-3 are \$17,500 for a contracting unit without a qualified purchasing agent and \$44,000 for a contracting unit with a qualified purchasing agent.

The governing body of the municipality has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Borough Counsel's opinion should be sought before a commitment is made.

BOROUGH OF FLORHAM PARK COMMENTS AND RECOMMENDATIONS

(Continued)

Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4 (Cont'd)

The minutes indicated that bids were requested by public advertising per N.J.S.A. 40A:11-4. The minutes also indicated that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" and "Extraordinary Unspecifiable Services" per N.J.S.A. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. None were noted.

Collection of Interest on Delinquent Taxes

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes and utilities on or before the date when they would become delinquent.

On January 4, 2024, the governing body adopted the following resolution authorizing interest to be charged on delinquent taxes, sewer rents, and water rents:

"The interest penalty for delinquent taxes to be charged by the Chief Revenue Collector for delinquencies shall be 8% per annum of the first \$1,500 and 18% per annum on any amount in excess of \$1,500 payable from due dates. A penalty of up to 6% may be charged on any delinquency in excess of \$10,000 if not paid by the end of the fiscal year."

"No interest shall be charged if payment of any installment is made within ten (10) days after the date on which same is payable, said ten (10) days to be straight calendar days and if the tenth day falls on a Saturday, Sunday or Legal Holiday, then the grace period shall be extended to the next business day. After the ten (10) day "GRACE PERIOD", interest is charged from the due date."

It appears from tests of the Collector's records that interest was collected in accordance with the foregoing resolution.

Delinquent Taxes and Tax Title Liens

The last tax sale was held on October 29, 2024, and included all items which were eligible for sale.

The following comparison is made of the number of tax title liens receivable on December 31, of the last three years:

Year	Number of Liens
2024	5
2023	5
2022	3

BOROUGH OF FLORHAM PARK COMMENTS AND RECOMMENDATIONS

(Continued)

Verification of Delinquent Taxes and Other Charges

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, consisting of verification notices as follows:

Туре	Number Mailed
Payments of 2025 & 2024 Taxes	20
Payments of Utility Charges	20
Delinquent Taxes	15
Delinquent Utility Charges	20
Tax Title Liens	2

New Jersey Administrative Code Accounting Requirements

The Division of Local Government Services has established three (3) accounting requirements which are prescribed in the New Jersey Administrative Code. They are as follows:

- 1. Maintenance of an encumbrance accounting system.
- 2. Fixed assets accounting and reporting system.
- 3. General ledger accounting system.

The Borough is currently in compliance with the above accounting requirements.

Municipal Court

The report of the Municipal Court has been forwarded to the Division of Local Government Services and the Borough Magistrate under separate cover. Reflected below is a summary of Receipts and Disbursements for the year ended December 31, 2024

	Balance			Balance
	Dec. 31, 2023	Receipts	Disbursements	Dec. 31, 2024
State of New Jersey County of Morris	\$ 4,373.36 5,457.00	\$ 96,690.68 79,272.00	\$ 94,494.44 79,040.50	\$ 6,569.60 5,688.50
Municipality	10,694.22	176,169.92	173,178.58	13,685.56
Municipality - POAA	2.00	80.00	66.00	16.00
Weights and Measures	9,300.00	40,300.00	43,850.00	5,750.00
Public Defender	500.00	2,522.00	2,822.00	200.00
Restitution	65.00	1,025.91	1,090.91	
Bail	270.00	16,403.00	14,173.00	2,500.00
	\$ 30,661.58	\$ 412,463.51	\$ 408,715.43	\$ 34,409.66

BOROUGH OF FLORHAM PARK COMMENTS AND RECOMMENDATIONS

Management Suggestions

Improvement Authorizations

It is suggested that improvement authorizations in the General Capital and Water Utility Capital Funds be reviewed and evaluated for completion, and that all improvement authorizations deemed to be complete have their respective balances cancelled to their original funding sources.

Federal and State Grant Reserves

There are various older grant balances in the Federal and State Grant Fund of the Borough. It is suggested that the balances be reviewed for continued recognition.

COVID-19 Federal Funding

It is possible that the Borough will undergo some review of its COVID-19 funding by the federal government. We strongly suggest that the Borough ensures that these funds are utilized in accordance with the applicable federal requirements especially with respect to procurement. Additionally, we strongly suggest that the Borough ensures that these funds are separately accounted for in the Borough's accounting records and that any applicable Borough policies are current with respect to federal grant requirements.

Because of the nature of these funds, being new programs, generally of a significant dollar amount, and some of which may be expended over a period of years, they may be subject to federal or state audit several years from now. It is important that the grant files maintained by local governments be complete, self-explanatory, and fully document the program(s) undertaken as part of the funding.

The American Rescue Plan funding must be obligated by December 31, 2024 and the liquidation of the obligation must be completed by December 31, 2026.

Status of Prior Year Recommendations

The prior year recommendations regarding segregation of duties and is included in the current year's report.
